LEADING AI SUMMIT 2024

Sydney

5th – 6th November
UTS Aerial Function Centre

Melbourne

7th – 8th November
Marvel Stadium

TRANSFORM TOMORROW BY IMPLEMENTING RESPONSIBLE AI!

Welcome to the Leading AI Summit 2024, where you will gain crucial insights and practical tools for integrating AI into your business operations.

This summit is tailored for business leaders, data scientists, and AI practitioners who are eager to explore the real-world applications of AI and its transformative impact on leadership.

Over two days, you will delve into sessions focused on leveraging AI to drive innovation, enhance decision-making, and improve operational efficiency. Learn how AI can be seamlessly integrated into various business functions, from customer service to supply chain management, and discover strategies to overcome common challenges in AI adoption.

The summit emphasizes the importance of ethical AI practices and regulatory compliance, ensuring that your AI implementations are not only effective but also responsible and trustworthy. Interactive workshops and group exercises will provide hands-on experience in developing and refining AI strategies that align with your organization's values and goals.

Network with peers and experts, share experiences, and build connections that will support your journey toward becoming an AI-driven organization. By the end of the summit, you will be equipped with the knowledge and tools to harness the power of AI, foster a culture of innovation, and lead your organization into the future with confidence.

Dana Lightbody
Director | **The Leadership Institute**
T: 02 8294 2044

Hear from these leaders of AI Implementation.

DR ALAN D. THOMPSON

Expert in artificial intelligence (AI), specializing in the augmentation of human intelligence

Dr. Alan D. Thompson is a renowned expert in artificial intelligence (AI), specializing in the augmentation of human intelligence. With a Ph.D. in AI and Human Cognition from a prestigious university, Dr. Thompson has dedicated his career to exploring the intersection of technology and human potential. His groundbreaking work has led to significant advancements in AI applications, particularly in enhancing cognitive abilities and productivity.

Dr. Thompson is a prolific author, keynote speaker, and consultant, advising leading organizations on implementing AI solutions to drive innovation and efficiency. His visionary approach continues to shape the future of AI and its role in society.

ANSGAR KOENE

Global AI Ethics and Regulatory Leader
EY UK

Ansgar Koene is the Global AI Ethics and Regulatory Leader at EY UK, where he spearheads efforts to ensure the ethical deployment of artificial intelligence. With a background in computational social sciences and a deep commitment to ethical AI practices, Ansgar has become a leading voice in the field. His work focuses on developing and implementing regulatory frameworks that promote transparency, fairness, and accountability in AI technologies.

Ansgar is a respected advisor, speaker, and author, contributing to international policy discussions and helping organizations navigate the complexities of AI ethics and governance. His expertise is vital in shaping a responsible AI future.

DEEPAK MISHRA

Head of Gen AI & ML Model Development Center for Consumer & Wealth
Wells Fargo USA/India

Deepak Mishra is the Head of the Gen AI & ML Model Development Center for Consumer & Wealth at Wells Fargo USA/India. With a distinguished career in artificial intelligence and machine learning, Deepak specializes in developing cutting-edge AI models that revolutionize financial services. His leadership in generative AI and ML has driven significant advancements in consumer banking and wealth management, enhancing both customer experience and operational efficiency.

Deepak is a sought-after expert, speaker, and advisor, known for his innovative approach and deep understanding of AI's transformative potential in the financial sector. His contributions are crucial in shaping the future of AI in finance.

SCIENTIA PROFESSOR TOBY WALSH

Laureate Fellow and Scientia Professor of Artificial Intelligence at the Department of Computer Science and Engineering, University of New South Wales, Research Group Leader, **Data61**, Adjunct Professor, **QUT**

Scientia Professor Toby Walsh is a Laureate Fellow and distinguished Professor of Artificial Intelligence at the University of New South Wales. He leads a research group at Data61, Australia's leading digital research network, and holds an adjunct professorship at QUT. Toby's pioneering work in AI spans various fields, including algorithm design, optimization, and ethical AI.

He is a prolific author, speaker, and advisor, known for his contributions to both the theoretical foundations and practical applications of AI. His research has significantly influenced AI policy and ethics, making him a key thought leader in shaping the future of AI.

MAIN CONFERENCE: 5TH NOVEMBER

WHAT YOU'LL NEED:

Computer and stable
internet connection

Login details will be
provided. **Compatibility
with Zoom Meetings
essential.**

Quiet room or office
recommended for best
experience

Interaction with delegates
and speakers throughout
the event via event app

Pricing:

Almost half the value of these events is meeting the speakers and networking with your peers. The other half is learning from our inspirational speakers. That's why your live streaming pass is 40% off your physical ticket. You can still learn from and be inspired by our amazing speakers – from the comfort of your office or home.

Just select "Livestream Pass" at checkout

What You Can Expect To Learn At Leading AI Summit.

Gain comprehensive knowledge of ethical AI principles and regulatory requirements

Acquire practical tools and frameworks for responsible AI integration

Engage in interactive learning experiences to apply ethical AI concepts

Network with industry peers and experts in AI ethics

Enhance your business operations with trust-driven, innovative AI solutions

+ What Our Past Attendees Have To Say

"A very good cross-section of speakers with some thought-provoking content. Mind blown. very engaging presenters"

- Toyota Finance

"Very interesting, polished presentations. This is what Leadership in Innovation looks like - engaging, funny, and interesting!"

-Commonwealth Bank

"Interesting and really considered the current environment. showcased disruptive innovation so well."

- Dept. Premier and Cabinet

"Amazingly supported plus contextualized event for all levels. Engaging and supporting examples. interesting subject and well-presented."

- Woolworths Group

"Interesting and really considered the current environment. showcased disruptive innovation so well."

- Dept. Premier and Cabinet

"Amazingly supported plus contextualized event for all levels. Engaging and supporting examples. interesting subject and well-presented."

- Woolworths Group

"Amazingly supported plus contextualized event for all levels. Engaging and supporting examples. interesting subject and well-presented."

Experience The Leadership Institute Difference.

01

EXPERT INSIGHT

Uncover priceless insights from top executives of Australia's biggest companies. Explore the tactics, obstacles, and achievements that have influenced their journeys.

02

DIRECT Q&A OPPORTUNITIES

Our extended Q&A session allow the opportunity to garner personalised insight by having *your* questions addressed by experienced leaders who have successfully overcome the challenges you are currently encountering.

03

PROFESSIONAL GROWTH

Deep dive into interactive workshops and panel discussions, designed to elevate your leadership skills, foster critical thinking, and inspire actionable insights.

04

CURATED GIFT BAGS

Every delegate receives a specially curated gift bag, packed with unique and thoughtful items that complement the summit's experience.

05

EDUTAINMENT

Infuse some fun and enjoyment into your educational journey. Capture a moment in the photo booth, rub shoulders with a celebrity, snap a selfie, attend a book signing or relax with a beverage while networking.

Day 1: Conference Agenda.

SYDNEY: 5TH NOVEMBER | MELBOURNE: 7TH NOVEMBER

9:00 AM: Welcome and Opening Remarks

SESSION 1

9:10 AM: The Future of Machine Learning and Workforce Participation

Jon Whittle
Director
Data 61

Join Jon Whittle, CEO of Data61, at the Leading AI Summit for an illuminating session on the future of AI integration in business in Australia. Jon will explore the current state of AI adoption, share future trends, and discuss the challenges and opportunities businesses face. He will also cover ethical and regulatory considerations and highlight Data61's role in driving AI innovation.

This session will provide valuable insights into building AI competence and strategies for overcoming integration challenges, making it a must-attend for those looking to leverage AI for business transformation.

10:00 AM: AI Implementation Networking

10:30 AM: MORNING TEA

SESSION 2

10:50 AM: The Future of AI: Navigating the Intersection of Innovation and Ethics

Dr. Alan D. Thompson
Expert in artificial intelligence (AI), specializing in the augmentation of human intelligence

Join Alan D. Thompson, a leading AI researcher and consultant, for an enlightening session on the transformative potential of artificial intelligence and the ethical considerations crucial to its development. Alan will explore the latest advancements in AI technology, address the ethical challenges posed by rapid AI evolution, and discuss the importance of robust AI policies and public education.

Attendees will gain insights into future AI trends and learn how to navigate the intersection of innovation and ethics to prepare for an AI-driven future.

SESSION 3

11:40 AM: Balancing Innovation with Ethics in Designing Human-Centered AI

Prof. Genevieve Bell
Vice-Chancellor and President, 3A Institute, Australian National University

In this session, Professor Bell will delve into the strategic integration of AI within businesses, highlighting the critical importance of designing AI systems that align with human values and ethical standards. Leveraging her expertise from ANU's 3A Institute, she will provide actionable insights into harnessing AI to drive innovation while maintaining ethical integrity.

Attendees will gain a deeper understanding of the business implications of AI, the challenges of adoption, and the essential role of interdisciplinary approaches in fostering a responsible and inclusive AI-driven future.

12:30 PM: LUNCH

Day 1: Conference Agenda.

SYDNEY: 5TH NOVEMBER | MELBOURNE: 7TH NOVEMBER

SESSION 4

12:30 PM: The Future of Machine Learning and Workforce Participation

Scientia Professor Toby Walsh

Laureate Fellow and
Scientia Professor of
Artificial Intelligence
at the Department of
Computer Science and
Engineering, University
of New South Wales,
Research Group Leader,
Data61, Adjunct
Professor, **QUT**

Join Scientia Professor Toby Walsh, a leading expert in artificial intelligence and computer science at UNSW, as he explores the transformative impact of machine learning on workforce participation by 2060. This session will delve into the future landscape of employment, examining the evolution of job roles, skill requirements, and the ethical considerations necessary to ensure a positive societal impact.

Discover how AI advancements can create a more inclusive and productive workforce, and gain insights into the profound changes that lie ahead in our rapidly evolving technological world.

SESSION 5

2:20 PM: How to effectively integrate AI within an organization

Deepak Mishra

Head of Gen AI & ML
Model Development
Center for Consumer
& Wealth
Wells Fargo

Deepak will share insights on how to effectively integrate AI within an organization, fostering a culture of innovation and collaboration. He will discuss strategies for engaging stakeholders, overcoming resistance, and ensuring alignment with business goals.

This session is essential for leaders looking to successfully navigate the complexities of AI adoption and drive transformative change within their companies.

3:10 PM: AFTERNOON TEA

Refreshments and Networking: A short break for refreshments and informal discussions.

SESSION 6

3:30 PM: Navigating Ethical Standards and Regulatory Frameworks for AI Implementation

Ansgar Koene

Global AI Ethics and
Regulatory Leader
EY UK

Join us at the AI Summit for an intensive session on Ethical AI Integration and Frameworks for Business, tailored to provide business leaders, data scientists, and AI practitioners with essential knowledge and practical tools for responsible AI deployment. Led by Ansgar Koene, Global AI Ethics and Regulatory Leader at EY, Director of EMLS RI Ltd, Trustee of the 5Rights Foundation, and a seasoned advisor in AI ethics and regulatory compliance, this session will cover.

This session offers a unique opportunity to gain valuable insights and strategies for integrating ethical AI into your business operations, fostering trust, and driving responsible innovation

4:20 PM: Closing Remarks

4:30 pm: Networking Drinks

Day 2: Post Conference Workshop2.

SYDNEY: 6TH NOVEMBER | MELBOURNE: 8TH NOVEMBER

WORKSHOP A

9:00 AM - 12:00 PM

Navigating Ethical Standards and Regulatory Frameworks for AI Implementation

Join us for an intensive half-day workshop on Ethical AI Integration and Frameworks for Business, designed to provide business leaders, data scientists, and AI practitioners with essential knowledge and practical tools for responsible AI deployment.

Led by Ansgar Koene, *Global AI Ethics and Regulatory Leader at EY; Director, EMLS RI Ltd; Trustee, 5Rights Foundation; Responsible AI advisor in AI ethics and regulatory compliance, this workshop will explore the core principles of ethical AI, delve into the global regulatory landscape, and introduce practical frameworks to ensure AI systems are fair, transparent, and accountable.

Participants will engage in interactive sessions and group exercises to assess and improve AI ethics in real-world scenarios.

Don't miss this opportunity to gain valuable insights and strategies for integrating ethical AI into your business operations, fostering trust, and driving innovation responsibly.

- Workshop Highlights: Ethical AI Integration and Frameworks for Business
- Core Principles of Ethical AI
- Understand the importance of fairness, transparency, and accountability in AI systems.
- Global Regulatory Landscape
- Explore current AI regulations and their implications for businesses.
- Practical Frameworks for Ethical AI
- Learn tools and best practices for integrating ethical considerations into AI development.
- Interactive Sessions and Group Exercises
- Participate in hands-on activities to assess and improve AI ethics in real-world scenarios.

YOUR EXPERT FACILITATOR

Ansgar Koene
Global AI Ethics and
Regulatory Leader
EY UK

Ansgar Koene is the Global AI Ethics and Regulatory Leader at EY UK, where he spearheads efforts to integrate ethical standards and regulatory compliance into AI practices. With a distinguished career in AI ethics, he also serves as Director of EMLS RI Ltd and Trustee of the 5Rights Foundation. Ansgar's expertise spans over two decades, focusing on responsible AI deployment, privacy, and data protection. He is a respected advisor on AI ethics, contributing to numerous international policy initiatives and research projects aimed at fostering transparent, fair, and accountable AI systems.

Day 2: Post Conference Workshop2.

SYDNEY: 6TH NOVEMBER | MELBOURNE: 8TH NOVEMBER

WORKSHOP B

1:00PM - 4:00

Empowering Teams: Fostering a Collaborative AI Culture

This workshop is designed to help leaders foster a collaborative and inclusive culture that supports AI integration.

Participants will learn how to build and lead diverse teams, promote continuous learning, and create an environment where AI can thrive.

The workshop will emphasize the importance of cross-functional collaboration, employee empowerment, and ethical considerations in AI implementation.

Key Topics Covered:

- **Building Diverse AI Teams:** Strategies for recruiting, developing, and retaining diverse talent to drive AI innovation.
- **Promoting Continuous Learning:** Creating a culture of continuous learning and upskilling to keep pace with AI advancements.
- **Cross-Functional Collaboration:** Techniques for fostering collaboration between technical and non-technical teams to leverage diverse perspectives.
- **Ethical AI Practices:** Understanding the ethical implications of AI and ensuring responsible AI development and deployment.
- **Employee Empowerment:** Empowering employees to contribute to AI initiatives and fostering a sense of ownership and accountability.

Key Topics Covered:

- **Team Building Exercise:** Interactive activities to build trust and collaboration among participants.
- **Collaborative Problem-Solving:** Group exercises to solve AI-related challenges through cross-functional collaboration.
- **Ethics Debate:** Facilitated debate on ethical issues in AI, encouraging participants to consider different viewpoints and develop ethical guidelines.
- **Learning Plan Development:** Participants will create a personalized learning and development plan for their teams to ensure ongoing AI education and skill enhancement.
- **These workshops aim to equip leaders with the knowledge, skills, and strategies needed to effectively lead AI initiatives and create a supportive environment for AI integration in the workplace.**

+ Group Discounts

Looking to send more than 1 team member? Interested in bringing a colleague along?

Learning is always better when done in teams (and your company gains more value too!)

Take advantage of our group discounts:

- Register 3 attendees and get a **5% discount**
- Register 4-5 attendees and get a **10% discount**
- Register 6 or more and get a **15% discount**

+ Industry Packages

We appreciate that it's not always easy to get approval to attend training courses and events, so we have put together a variety of packages to assist. Take advantage of these savings:

Local government	10% Off
Non-for-Profit	20% Off

* Discounts do not apply to livestream passes

Please contact The Leadership Institute on (02) 8294 2044 if you have any issues.

Terms and Conditions.

> Live Streaming + COVID – 19

There is a lot of confusion around corporate learning events and COVID – 19. We understand. We're all going through it. Given this, we want to make the following assurances:

- If you have booked onto a physical pass and can no longer attend an event, you will either be refunded the difference in your registration ticket, or be given access to an additional live streaming ticket for anyone within your organisation
- Should your circumstances change, we are happy to offer a full credit note for yourself or anyone within your organization to attend any one of our other excellent events
- Now that our events will be live streamed, they will also be recorded. If you cannot attend the event, whether it be live streamed or a physical pass, we are working hard to ensure everyone receives a recording of the event so you can have the same experience for all time

> Changes to Events (COVID – 19 & Beyond)

Many events this year have inevitably been postponed or cancelled due to State and Federal Government mandated shutdowns. We are doing our best to ensure that these events will go ahead on postponed dates and via livestreaming mechanisms. In the event that your registration or participation in an event has been postponed, The Leadership Institute offers flexible tickets and credit notes to all clients that have been impacted. Given the financial and economic impact of COVID – 19, TLI is unable to offer a financial refund for events that have been affected by COVID – 19.

A tremendous amount of effort is spent to ensure all of TLI events proceed as originally marketed. It is with regret that circumstances beyond TLI control can prevent this from happening. As such, TLI reserves the right to change the speaker and/or agenda details at any time throughout the marketing lifecycle of an event. TLI will diligently minimise the risks of changes to any event and will always ensure events deliver the content that is advertised. TLI will notify all participants of any changes in a timely manner leading up to an event.

> Cancellation Policy

If you are unable to attend an event, TLI accepts substituted attendees in your place at no additional cost. Please advise us of any substitutions as soon as possible. Alternatively, you may transfer your registration to another event run by TLI.

Cancelled registrations must be emailed to info@theleadershipinstitute.com.au as soon as possible. A credit note will be issued valid for use towards any future event within the following 12 months following date of issuance. Cancellation notifications received less than 14 days from the event running will receive a credit note to the value of the registration fee less a service fee of \$300.

The Leadership Institute does not provide refunds for cancellation.

It is not possible for multiple people to attend within any day of the event on a single registration. Split tickets, i.e. a different person attending each day of the event, can be arranged. Please call or email us to arrange the details.

If an event is cancelled or rescheduled, TLI will ensure all stakeholders are contacted. If an event is cancelled or you are unable to attend the rescheduled event, you will be issued with a credit note valid for use towards any future TLI event held in the twelve months following date of issuance.

> Credit Notes

In the event of issuance of credit notes, holders are entitled to use this credit towards ANY TLI event which can accommodate additional delegates. Credit notes must be used within 12 months from the date of issue to avoid expiry.

> Customer Privacy

TLI takes diligent action to ensure all client details are protected. Furthermore, we respect our customer's right to 'opt out' of our various promotional activities for relevant, upcoming events. If you do not want to receive further information about our upcoming conferences, training courses and learning experiences, please email us at info@theleadershipinstitute.com.au

> Once You Are Registered, What Is The Next Step?

When you have registered for an event, and that registration has been received by TLI, you will be sent a confirmation email. This will include your invoice and any relevant information regarding the event you are registered for. TLI will regularly keep you updated regarding the events for which you have registered. If you require any further information visit our website at: info@theleadershipinstitute.com.au or call us on (02) 8294 2044.
